FARMERS' BULLETINS
Nos. 1126–1150,

WITH CONTENTS AND INDEX.

USDA
LIB

68342

CONTENTS.

	Page.
FARMERS' BULLETIN No. 1126.—SUDAN GRASS.	
Origin of Sudan grass	3
Description of Sudan grass	3
Climatic requirements	6
Drought relations	7
Soil requirements	8
Place in the cropping system	9
Value in irrigated regions	9
Sudan grass and legume mixtures	10
Culture	11
Utilization	16
Feeding value	20
Seed production	21
Diseases of Sudan grass	24
Insect enemies of Sudan grass	26
Improvement of Sudan grass	27
Publications relating to grasses and forage crops	29
FARMERS' BULLETIN No. 1127.—PEANUT GROWING FOR PROFIT.	
Conditions necessary for peanut growing	3
Selection and preparation of the soil	5
Fertilizers	6
Peanut seed and its care	7
Time and methods of planting	11
Cultivation	15
Harvesting, stacking, and curing	15
Picking and cleaning	19
Peanuts and peanut by-products as stock feed	25
Varieties of peanuts	28
Value of peanuts as a money crop	31
Cooperation among peanut growers	32
Ten pointers for peanut growers	33
FARMERS' BULLETIN No. 1128.—CONTROL OF APHIDS INJURIOUS TO ORCHARD FRUITS, CURRANT, GOOSEBERRY, AND GRAPE.	
Aphids in general	4
Apple aphids	5
Quince aphids	14
Pear aphids attacking the foliage	15
Plum aphids	15
Cherry aphids	20
Peach aphids	25
Currant and gooseberry aphids	28
Grape aphids attacting the foliage	36
Natural enemies of aphids	37
Control measures	38
Insecticides	39
Spraying for apple aphids	45
The delayed dormant treatment	45
Control of aphids on plum, peach, cherry, etc	47
Control of aphids on currant, gooseberry, and grape	48
Clean culture	48
FARMERS' BULLETIN No. 1129.—DISEASES OF SOUTHERN PECANS.	
Diseases due to specific organisms	3
Scab	3
Nursery blight	7
Wood-rotting fungi	9

FARMERS' BULLETIN No. 1129.—DISEASES OF SOUTHERN PECANS—Contd.

Page.

Diseases due to specific organisms—Continued.
Brown leaf-spot 10
Crown-gall 11
Anthracnose 11
Powdery mildew 12
Mistletoe 12
Dieback 12
Diseases due to environment factors 13
Rosette 13
Winter injury 15
Staghead 17
Tipburn 17
Diseases due to unknown causes 18
Kernel spot 18
Black-pit 19
Surface growths on pecans 19
Spread of pecan diseases 20

FARMERS' BULLETIN No. 1130.—CARPET GRASS.

Value of carpet grass 3
Description 4
History 5
Soil and moisture relations 7
Temperature adaptations 7
Establishing carpet-grass pastures 7
Weeds 9
Carrying capacity 9
Other grasses to grow in mixture with carpet grass 10
Seed crop 11
Harvesting the seed 12
Cleaning the seed 12

FARMERS' BULLETIN No. 1131.—TILE-TRENCHING MACHINERY.

Requisites of a good machine 3
General classes of trenching machines 4
Ditching plows 4
Wheel excavators 9
Endless-chain excavators 14
Scraper excavators 18
Back-filling devices 20
Cost of trenching by machinery 22
Selecting a trenching machine 25
Conclusions 26

FARMERS' BULLETIN No. 1132.—PLANNING THE FARMSTEAD.

The farmstead 4
Planning the farmstead 5
Arranging the buildings 12
The plan on paper 13
Description of four farmstead plans 14

FARMERS' BULLETIN No. 1133.—FEEDING GARBAGE TO HOGS.

Waste converted into an edible product 3
Garbage variable in composition 4
Value of garbage for feed 5
Household care of garbage 6
Frequency of collection 7
Who should make collections 7
Methods of utilizing garbage as a hog feed 8
Disposal stipulations 8
Location of farm 9
Equipment 9
Breeds to be used 11
Buying compared with raising feeders 12
Methods of feeding 13
Number of animals per pen 15
Sterilized compared with raw garbage 15
Gain in weight per pound of garbage eaten 16
Use of supplementary feeds 17

	Page.
FARMERS' BULLETIN No. 1133.—FEEDING GARBAGE TO HOGS—Continued.	Page.
Quality of pork produced	18
Hog cholera and garbage feeding	19
Tuberculosis and other diseases	19
Sanitary standards	21
Estimates of expenses and revenue	21
Sundry garbage products	24
Summary of observations and experiments	24
Publications relating to swine management	26
FARMERS' BULLETIN No. 1134.—CASTRATING AND DOCKING LAMBS.	
Essentials in the production of a good lamb carcass	3
Large proportion of farm lambs not docked or castrated	4
Advantages of castration and docking	4
Docked and castrated lambs sell also as feeders	6
Castration	9
Docking	11
Publications relating to sheep raising	14
FARMERS' BULLETIN No. 1135.—THE BEEF CALF: ITS GROWTH AND DEVELOPMENT.	
When to select the calf	3
The kind of calf to select	4
Selecting the calf	6
Equipment needed for growing the calf	8
Keeping the calf healthy	11
Feeds for the calf	14
Feeding the calf to weaning time	15
Feeding from weaning to maturity	17
Preparing for show or sale	19
Marketing or breeding—which?	29
Feed and care of the breeding heifer	30
Feed and care of the bull	32
FARMERS' BULLETIN No. 1136.—BAKING IN THE HOME.	
Yeast breads	4
Quick or hot breads	21
Pastry	33
Cookies	37
FARMERS' BULLETIN No. 1137.—GRAIN SORGHUMS: HOW TO GROW THEM.	
Importance of the grain sorghums	3
Varieties of grain sorghums	4
Kafir group	4
Milo-durra group	8
Other grain sorghums	11
Increasing the yield and quality of the grain	12
The variety to grow	12
Selecting seed	13
Storing the seed heads	15
Preparing the seed for growing	15
Growing the crop	17
Preparing the seed bed	17
Sowing the crop	19
Cultivating the crop	21
Harvesting	21
Curing	22
Thrashing	23
Storing the grain	23
Publications on grain sorghums	26
FARMERS' BULLETIN No. 1138.—GAME LAWS FOR 1920. A SUMMARY OF FEDERAL, STATE, AND PROVINCIAL STATUTES.	
Review of legislation of 1920	3
Summary of laws relating to seasons, licenses, limits, sale and export	8
State laws	9
Canada	44
Newfoundland	52
Lower California	52
Disposition of game raised in captivity	52
New laws passed in 1920	55

FARMERS' BULLETIN No. 1138.—GAME LAWS FOR 1920. A SUMMARY OF FEDERAL, STATE, AND PROVINCIAL STATUTES—Continued. Page.
Lacey Act, regulating interstate commerce in game 61
Tariff act prohibiting importation of plumage 63
Law protecting birds and their eggs on Federal bird reservations 63
Hunting on National forests 64
Treaty for the protection of migratory birds 64
Migratory-bird Treaty Act 68
Migratory-bird Treaty Act, regulations 70
Order permitting the killing of bobolinks, reedbirds, or rice birds 76
Canadian regulations under migratory-birds convention act 76
Canadian tariff act prohibiting importation of plumage 82
Officials from whom copies of game laws may be obtained 83
Publications of the Department of Agriculture relating to game 84

FARMERS' BULLETIN No. 1139.—A METHOD OF ANALYZING THE FARM BUSINESS.
What an analysis shows 3
Farm accounts 4
Method of farm analysis 5
Factors affecting farm profits 15
Blanks for use in analyzing the farm business and determining the farm income 29

FARMERS' BULLETIN No. 1140.—GRASSHOPPER CONTROL IN THE PACIFIC STATES.
Grasshopper outbreaks 3
Favorable and unfavorable conditions 4
Some of the common destructive grasshoppers 4
Community action 6
Control methods 7
The poisoned-bran mixture 8
Destroying eggs by cultivation 11
Burning over dry areas 12
Use of turkeys 12
Control on the ranges 13
Control in alfalfa fields 13
Control in orchards and vineyards 14
Control in mountain meadows 15
Control in cultivated fields 16

FARMERS' BULLETIN No. 1141.—RICE GROWING IN CALIFORNIA.
History of the experiments 3
Sections of California in which rice is grown 4
General requirements of the crop 7
Sources of irrigation water 7
Preparing fields for irrigation 8
Varieties 8
Preparation of the seed bed 10
Preparation of the seed 11
Method of seeding 12
Time of seeding 12
Rate of seeding 13
Depth of seeding 13
Time to apply irrigation water 13
Drainage 14
Harvesting the crop 15
Shocking 15
Thrashing 16
Weeds 17
Diseases and insects 21
Rice products 21

FARMERS' BULLETIN No. 1142.—GROWING CRIMSON CLOVER.
History and adaptations 4
Varieties 5
Use in the rotation 6
Seeding in intertilled crops 6
Seeding after an early maturing crop 7

	Page.
FARMERS' BULLETIN NO. 1142.—GROWING CRIMSON CLOVER—Continued.	
Requirements for obtaining a stand	8
Soils	9
Preparation of the seed bed	10
Fertilizers	11
Lime	12
Inoculation	13
Seeding	13
Time of seeding	13
Rate of seeding	14
Methods of seeding	14
Choice of seed	16
Unhulled seed	16
Use of a nurse crop	17
Seed mixtures	18
Treatment of the stand	20
Maladies	20
FARMERS' BULLETIN NO. 1143.—LESPEDEZA AS A FORAGE CROP.	
History	3
Distribution	4
Soils suitable for lespedeza	4
Fertilizers	5
Time of seeding	6
Choice of seed	6
Preparation of the seed bed	7
Seeding	8
Inoculation	9
Uses of lespedeza	9
Seed crop	15
FARMERS' BULLETIN NO. 1144.—COOPERATIVE MARKETING.	
Purpose and possibilities of cooperative marketing	3
When should a cooperative marketing organization be formed	6
Essentials for success	8
Membership contracts	12
Pooling sales	14
Forms of organization	16
Financing	17
How to organize	17
By-laws	20
Incorporation	22
Selection and qualifications of the management	24
Duties of the members	26
Cooperative marketing and existing organizations	27
FARMERS' BULLETIN NO. 1145.—THE HANDLING AND TRANSPORTATION OF CANTALOUPES.	
Commercial cantaloupes travel long distances	3
Picking just before full slip insures best qualities	4
Careful handling prevents bruising and decay	4
Prompt loading into refrigerator cars reduces losses	6
Wrapping promotes the development of mold	7
Mixed loading obstructs refrigeration	9
Temperatures vary in different parts of the same load	10
Floor racks are an aid to uniform refrigeration	11
Successful insulation depends upon car construction	12
Salt hastens refrigeration	15
Publications relating to the handling and shipping of perishable fruits and vegetables	21
FARMERS' BULLETIN NO. 1146.—DOURINE OF HORSES.	
History of early outbreaks	3
Cause and transmission of the disease	4
Symptoms	4
Post-mortem lesions	8
Course and outcome of the disease	9
Diagnosis	10
Directions for the collection of blood serum for laboratory diagnosis	11
Treatment	11
Method of eradication	12

FARMERS' BULLETIN NO. 1147.—MILO, A VALUABLE GRAIN CROP. Page.
Value of milo ... 3
History of milo ... 3
Characters of milo ... 4
Adaptation ... 6
Importance of the crop ... 6
Varieties of milo ... 7
Yield of milo ... 9
How to increase the yield ... 9
Soil requirements ... 10
Preparing the seed bed ... 10
Sowing the crop ... 12
Cultivation ... 13
Harvesting ... 14
Curing ... 14
Thrashing ... 15
Storing the grain ... 16
Chemical composition of the grain ... 16
Uses of the crop ... 17
Diseases and insect enemies ... 18
Publications on grain sorghums ... 19

FARMERS' BULLETIN NO. 1148.—COWPEAS: CULTURE AND VARIETIES.
History of the cowpea ... 3
Climatic adaptations ... 4
Soil relations ... 5
Varieties ... 6
Fertilizers ... 11
Preparation of the seed bed ... 12
Inoculation ... 12
Time of sowing ... 13
Method and rate of sowing ... 14
Cultivation ... 16
Cowpeas in rotations ... 16
Cowpeas in mixtures ... 18
Diseases of the cowpea ... 21
Insect enemies of the cowpea ... 23
Cowpeas, soy beans, and velvet beans compared ... 25

FARMERS' BULLETIN NO. 1149.—GROWING CORN IN THE SOUTHEASTERN STATES.
Scope of this bulletin ... 3
Preparing land for corn ... 3
Commercial fertilizers ... 5
Planting ... 9
Cultivation ... 14
Summary ... 18

FARMERS' BULLETIN NO. 1150.—PARASITES AND PARASITIC DISEASES OF SHEEP.
Liability of sheep to parasitic diseases ... 3
Important preventive measures ... 4
External parasites ... 5
Lice ... 5
The sheep tick ... 8
Sheep-scab mite ... 10
Other external parasites ... 13
Internal parasites ... 16
Arthropods ... 17
Tapeworms ... 20
Bladderworms ... 24
Flukes ... 33
Roundworms ... 37
Other internal parasites ... 53
Publications relating to parasites of sheep ... 53
